Xpressi Instant Issuance Software Solution

By NBS Technologies

SECURE AND SEAMLESS SMART CARD INSTANT ISSUANCE

NBS is a leading developer and provider of card personalization, EMV compliance/migration, and smart card manufacturing. When it comes to smart card solutions, NBS Technologies is a global expert. With nearly 40 years experience in the financial card space, we have gained a deep understanding of the EMV market by performing countless installations and delivering comprehensive services.

NBS Xpressi Instant Issuance Software supports existing mag stripe applications and provides EMV smart card issuance at branch level. Ideal for quickly issuing replacement or new financial transaction cards, Xpressi offers a secure and flexible approach to branch workflow and central operations integration.

SERVE LOCALLY AND MANAGE GLOBALLY – XPRESSI PROVIDES ENHANCED CUSTOMER SERVICE, EFFICIENT BRANCH WORKFLOW AND SECURE CENTRALIZED MANAGEMENT.

NBS XPRESSI INSTANT ISSUANCE SOFTWARE OFFERS THESE CUSTOMER-FACING AND BACK-OFFICE ADVANTAGES:

NBS TECHNOLOGIES

WWW.NBSTECH.COM

NBS Xpressi Instant Issuance Software makes EMV/chip card branch issuance easy to implement.

Xpressi offers full operational flexibility by supporting multiple EMV/chip card configurations, chip types and printer brands.

MULTI-PLATFORM INTEGRATION

Xpressi supports web, thin client and branch platform integrated deployments. The HTML interface provides access to card issuance capabilities at branch level and integration to centralized data preparation and key management in the financial institution's central operations infrastructure.
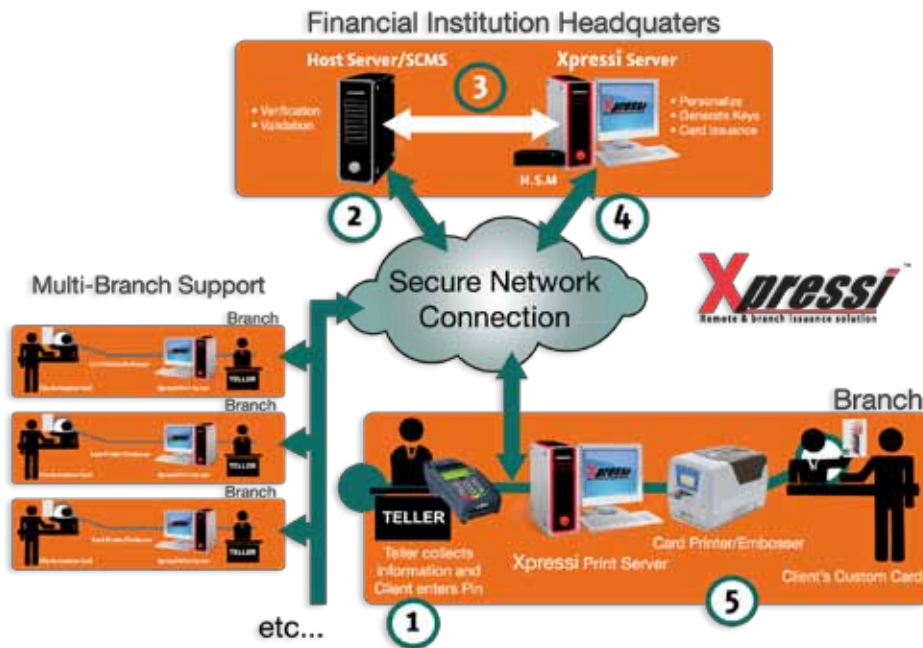

MULTI-PRINTER SUPPORT

With support for most major card printers, you can use your existing card printers and card embossers with Xpressi.

INTEGRATION TOOLKIT

Xpressi's integration toolkit facilitates development of branch issuance applications that tightly integrate with existing branch and banker workflow and processes.
